MEDIA RELEASE

Date: 26th May 2014

Embargo: None

NATIONAL CHILD PROTECTION WEEK

This week, from the 26th of May to the 1st of June 2014, is National Child Protection Week. This year's awareness campaigns are rolled out under the theme: "Working together to protect children".

With the high incidence of child abuse, the focus will be on making children aware of their rights. Starting on Monday, district activities will commence in anticipation of the national event which is expected to take place on 1st June 2014. Together with our partners the Departments of Health; Justice and Constitutional Development; Labour; Education, faith based organisations, Designated child protection organisations, the Premier's Office (Office on the Rights of a Child, Traditional Authorities and Municipalities, the Department of Social Development and Welfare will also be doing district awareness campaigns at identified schools for the whole week. Campaigns also include awareness and dialogue on substance abuse, teenage pregnancy, child trafficking, child protection register, parenting skills and many more issues.

The week will be completed with a door to door campaign and a visit to a crèche or drop-in centre at Ga-Mashau in the Vhembe District on Tuesday 3rd June 2014. This district has been earmarked because of the high number of suspected child abuse cases reported.

Please see attached schedule of awareness campaigns, which will enable you to choose a place of coverage of this important event on the Social Development and Welfare calendar.

For more in-depth interviews on the subject matter, please contact: Hunadi Moyaha on 084-588-8987.

For any enquiries please contact:
