STRIKE AT SHILUVANI FRAIL CARE CENTRE SUSPENDED

The MEC for Social Development, Mme. Joyce Mashamba yesterday met with management, staff, organised labour and the community of Shiluvani, to resolve the strike and protest action at Shiluvani Frail Care Centre in Mopani.

Certain staff and community members were protesting outside the Centre since last week, citing dissatisfaction with the employer, Life Esidimeni, who is contracted by the Department to manage the Centre.

After the meeting, the strike was immediately suspended, pending further discussions between the Department, Life Esidimeni, organised labour and the community.

At no time during the strike were services at the Centre compromised.
